BUILDING A TOWN.

No town will become a good business center, says a retired Cincinnati merchant, so long as its business men rely on a few merchants to make the effort to bring trade to town.

Too often the men in a few lines of trade are about the only ones that reach out after custom. Other merchants wait until these men induce the people to come to town and content themselves with trade that naturally drifts to their place.

A public-spirited man should ask himself if he is doing his part to attract people to town to trade in helping the entire business community, and no town is a success unless all lines are working to extend the trade as far as possible and trying to bring a larger territory in the circles in which the town is the business center.

Private John Paul Jones.

Mare Island, Cal., March 27—As a preliminary to a proper preparedness program, the United States Marine Corps has enlisted the services of John Paul Jones, and now has him serving his country in the role of marine private, attached to the local navy yard.

Private John Paul Jones, United States Marine Corps, who says his only relationship with the great naval commander of the same name is a similarity of purpose, temperament and patriotism, has "not yet begun to fight," for, until three weeks ago, he was a peaceable citizen of Brawley, Cal., without military training or experience.

When Jones finishes his recruit drills he will likely be sent to sea with other marine corps recruits, or else be assigned to some expeditionary force in foreign waters or ashore.

LYCEUM COURSE

The last number of the present Lyceum Course will be given Friday evening, April 7. This number will be given by Howard Wade Kimsey, basso, Miss Ceola Allen, reader, contralto, whistler, pianist, and Miss Lora Orth, pianist. They will give a program that will please and culture the most critical.

Their program is chiefly vocal, which should appeal to the music-loving public of Camden. Their selections are varied from the best of classical and popular songs together with some melodies and medleys. Miss Allen is an excellent reader and will not fail to please. Her personality is of the highest type and her renditions faultless.

This program will be given in the new school building. The auditorium is seated with opera chairs which insure for every one a comfortable seat. Every seat will be reserved, that is, when the seat is purchased the seat number and row number will be on the ticket, regardless of the price. Seats are on sale at Fry Drug Co. Admission, adults 40 cents. Choice seats may be purchased for 10 cents extra. A special price of 25 cents will be made to all school children.

McEwen, Tenn., March 29.—The 185 miles of graded roads to be constructed in Humphreys County are half completed. A link of several miles has been in the Memphis-to-Bristol Highway. This road is being graded wider than any other road in the county. The Memphis-to-Bristol road cuts through what is known as Paint Rock, given the name from many paintings left by Indians on the rock. At a recent blast a part of the rock was blown into Elk River.

E. L. Peoples, engineer for the county, has been accorded a vote of appreciation from the commissioners from the fact that the cost of construction is being materially reduced.

A movement is on foot for another bond issue of \$200,000 to place rock on the roads. Many who opposed the first issue will support the new ones.

The danger from influenza or "grip," as is sometimes called, lies not only in its frequent complications but in the extreme depression that always accompanies even the mildest attack. April is a month to guard against sudden changes

TO STOCKMEN

Gentlemen, it is an evident fact that fine colts pay best. The question is, how to get fine colts. There is but one answer, breed to the best stock. I offer mine for the best. Pat Wilkes, who is from registered Wilkes stock, is 16½ hands high, a good saddler and fine driver.

Black Slate is a registered black Spanish jack, white points, and 15 hands high. This high-bred stock will make the season at my barn 4 miles south of Big Sandy at the low price of \$8 for a horse or horse, mule and \$10 for a filly or mare mule.

Gentlemen, don't judge this stock by the price, but come and see them. Season due when colt is foaled or when mare is sold or traded. Care taken to prevent accidents, but will not be responsible should any occur.

Yours for better colts.
